Summary

Aspiring to thrive in a dynamic and challenging environment, my career journey is driven by a relentless pursuit of expertise and a commitment to fostering both personal and organizational growth. Greetings! I'm Jamil Ur Rahman, hailing from Islamabad, Pakistan. I proudly identify as a Front-End Web Developer, specializing in JavaScript and React.js. My skill set extends to encompass React.js, Redux toolkit, Jest, Material UI, Microsoft Fluent UI, Ant Design UI, CSS, Node Sass, NPM, HTML, Bootstrap, and UI/UX design, among others.

I hold a degree in Computer Science from AUP, Peshawar, and boast over 3+ years of hands-on development experience. Beyond my front-end proficiency, I possess a solid foundation in backend programming, leveraging Python with Flask and mastering the art of DevOps Deployment & SQLAlchemy frameworks. My ultimate goal? To consistently deliver excellence while embarking on a journey of continuous learning and innovation."
